- Built responsive web apps, implemented APIs, and managed database structures.
- **Exposure**: ReactJS, ExpressJS, MongoDB.

Projects

CodePlay🔗 | *A CodePlay study platform*

- A full-stack storytelling platform built using the MERN stack. The application allows users to create, share, and explore stories. It features a responsive design, JWT authentication, and secure backend API integration. The app utilizes Formik for form handling and React Toastify for notifications. It follows best coding practices with proper validation and error handling across both the backend and frontend.
- **Exposure**: React, Node.js, Express, MongoDB, Formik, React Toastify

Story App🔗 | *A real-time story creating and sharing web app*

- A full-stack storytelling platform built using the MERN stack. The application allows users to create, share, and explore stories. It features a responsive design, JWT authentication, and secure backend API integration. The app utilizes Formik for form handling and React Toastify for notifications. It follows best coding practices with proper validation and error handling across both the backend and frontend.
- **Exposure**: React, Node.js, Express, MongoDB, Formik, React Toastify

SupperApp🔗 | *A movie quiz platform built with React*

- Supper Movie App is a dynamic and visually engaging platform built using React.js, featuring a sleek interface styled with Modular CSS and enhanced with React Icons. The application allows users to browse a curated collection of movies and interact with a built-in quiz builder. It is designed to make learning and entertainment seamless through real-time feedback, responsive design, and an intuitive user experience.
- **Exposure**:React.js, Modular CSS, React Icons

Skills

Languages:JavaScript, TypeScript, HTML5, CSS3
Tools & Technologies: ReactJS, Tailwindcss, GSAP ,Next JS,Express.js,MongoDB, Redux, REST APIs, Git & GitHub,VS Code,Postman.
Area Of Interest: Web Development, Android Development, Data Structures & Algorithms

Certification

MERN Full Stack - Cuvette tech
